1 Set up

Shuffle the 15 game cards Resistance-side up.

Choose a difficulty. Flip each tracker to the side with its starting value at the top.

Draw 3 top cards. Flip the next as your Oppression target.

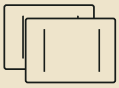

2 Face the target

Use Pressure OR Influence to meet target + Retaliation. Each used card must add power in that approach.

Keep used cards. You may inspect both sides of your hand.

Card rules take priority.

Defeated cards

Target **Retaliation**

Drawn cards

Deck **Momentum** **Resolve** **Discards**

Retaliation raises both targets.

3 Win

Pay card costs; keep at least 1 Resolve. Set defeated target aside, Resistance-side up and sideways.

Flip used cards; pick one as target.

Or draw

Spend 1 Momentum. Take the top card; keep it playable beside the target. Each draw normally adds 1 Retaliation.

Retry. Max 2 extra draws, even if you can win.

Or retreat

Lose 1 Resolve. If alive, regain 1 Momentum. Pick any hand card as next target. No victory or carry.

4 Bonus & cleanup

Won + bonus met? Carry 1 unused card OR regain your difficulty's Momentum bonus.

Keep next target and carry. Discard the rest Oppression-side up, including a retreated target.

5 Next encounter

Retaliation resets. Draw 2 top cards + carry. Refill an empty deck: shuffle discards Resistance-side up.

Momentum caps at 3. Resolve never recovers.
